

## DISABLE YOUR ACCOUNTS in QuickBooks MAC 2006-2007

1. Choose **Lists** menu → **Chart of Accounts**.
2. Select the account to disable in the Chart of Accounts list, and choose **Edit** menu → **Edit Accounts**.

3. **EDIT** any account information that is changing.
4. Click the **Online Settings** button.

5. Select **Not enabled** from the **Download transactions** drop-down list.
6. Click **Save**.

Repeat steps **2** through **6** for each account from which you download transactions.

## RE-ENABLE YOUR ACCOUNTS

1. Re-enabling your account is as easy as downloading from the Web site. Anytime after the conversion, log in to the Internet Banking Web site and download and save your Web Connect file (.QBO file extension) to your Mac.
2. To download your .QBO file Login to Internet Banking.

**LENDER**

- On the Transaction Download screen, enter the appropriate query start date and end date. Also select the file type, Quicken/QuickBooks, from the dropdown box. Then click the “Submit” button.

**Important:** To avoid the possibility of creating duplicate records when downloading into QuickBooks, select a query start date that does not include records previously downloaded.

Select Quickbooks

In QuickBooks, choose **Banking** menu → **Downloaded Transactions**.

Click **OK** if any informational prompts display.

7. In the Downloaded Transactions dialog, click **Import File** to import the account information contained in the Web Connect file that you saved. Select the Web Connect file, and click **Open**.

8. The Account Association dialog displays during setup only. Click **Select an Account** to choose to map the online account to an existing account register. Then click **Continue**.
  9. Click **OK** to any informational prompts.
- Repeat steps **1** through **9** for each account that you previously disabled.
10. Verify that all transactions downloaded successfully into your account registers.

**THANK YOU FOR MAKING THESE IMPORTANT CHANGES!**
